

The Genuine. The Original.

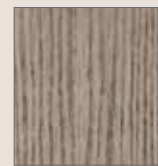

Built better from the inside out

Foamed-in-place polyurethane insulation with an R-value of 7.6* helps control costly heat loss and gain. This type of insulation can diminish street noise and makes the door more quiet as it operates.

Designed with award-winning safety and technology features including pinch-resistant door panels.

Fiberglass exterior
Utilizes Therma-Tru® AccuGrain™ technology for the beauty of wood without the maintenance.

Multiple design and color options
Choose the glass, design and color to perfectly complement your home.

Factory installed powder-coated hardware
Ensures proper alignment and smoother operation with a clean interior appearance.

The Genuine. The Original.

Since 1921, Overhead Door Corporation has not only raised the standards of excellence for the industry – we've created them. Overhead Door created the original overhead door in 1921 and the first garage door opener in 1926.

Today, our 450 Overhead Door Distributors are still leading the way with innovative solutions and unmatched installation, service and support. So look for the Red Ribbon. It's your guarantee that you're getting the genuine, the original Overhead Door.

Steel Backing

Overhead Door garage doors are backed by a limited warranty that protects against section rust-through for as long as you own your home. Also included is a three-year non-transferable, limited warranty against delaminating of the fiberglass skin and a one-year non-transferable, limited warranty ensuring high standards for materials and workmanship.*

* Warranties vary by model series. See warranty for full details.
